IN SYMPATHY
We ask your prayers for Elissa & Katelyn Blake and Jae-Marie Ellis who have had family pass away recently.

God of love, the Blake and Ellis families who have known the time for planting, for laughing and for dancing. The joys of happier days can never be taken from them. Let those joys soften the pain of their suffering now. We ask this through Jesus and his mother, Mary. Amen

TERM 2 ... ISSUE 8 ... 3 JUNE 2014

Core purpose...Marymount College is 'a place of belonging' committed to developing young women of hope who will continue to nurture their hearts and minds in the Catholic tradition and will be agents of justice grounded in stewardship, hospitality and compassion.

A MESSAGE FROM YOUR PRINCIPAL

Dear Parents/Carers and Families

"...And know that I am with you always; yes, to the end of time." Matthew 28:20

Last Saturday, Pope Francis visited some 400 disadvantaged students, his gentle message of God as love; is love. One child presented him with soil and another gave him a plant. He spoke to them of soil coming from a place of darkness in the earth, but with light, a plant can grow. He spoke to them of the light in each of them and just like a plant that has light bears fruit, the light inside brings goodness, joy and hope. Pope Francis’s accessible language and reaching out to the poor is one way he invites all of us to understand the message of God’s love.

The Ascension of The Lord reminds us that Jesus, returning to his Father transcends country, culture and language and is present for all. No longer a visual presence, the Risen Lord is spiritual and sacramental. The mystery of the Ascension teaches us to look outside of our humanness to the eternity of God and the presence of God in our being.

“A person’s thinking is more important than the actual event, since the event happens only once, but how he thinks about it repeats again and again in his heart and mind and is shared over and over again with himself and others.” (Orrin Woodward)

Last week I was part of a course learning more of thinking processes and self-directedness. As teachers we make a multitude of decisions, some consciously, some unconsciously. We know that learning requires engagement and thought and that thinking can be supported or reflective. Working in a learning organisation demands that we work individually but as part of a team. This is holonomy - the science or study of wholeness; simultaneously part and whole. This modality of learning is essential in education today.

At Marymount College, our commitment as educators is to Catholic education for middle school girls. This year, numeracy data has been used as a platform to gauge entry points of learning strengths and needs, for individuals, cohorts and whole school. Critical also, has been a clear understanding of the College vision and values we hold, the Australian Curriculum and mindfulness of SACE requirements.

Dr Neil McGoran, Chief Executive of SACE Board SA, recently spoke of three aspects of SACE: the standard of Stage 1 and 2; the learning; and the subjects. Learning is capability focused, the content knowledge and skills the vehicle. Hence, the PLP and Research project. Capabilities, learning
and knowledge are all assessed. For our young learners in their middle years of schooling, it is imperative that they develop knowledge, skills and understanding alongside a sense of ‘self’ as an empowered learner. A learner who is a critical thinker, a creative thinker, communicative and collaborative. This will be the successful learner in a changing future. Content knowledge, skills and understandings are interwoven with learning and capabilities. It is what education requires of schools and it is what the changing global world demands of educators.

With the ongoing Australian Curriculum implementation and development to Year 11-12 SACE Australian Curriculum English and Mathematics upon us, Marymount is well placed in setting up successful learners for the future. Marymount, Sacred Heart Middle and Sacred Heart Senior staff, have spent a considerable amount of time together, ensuring curriculum mapping and learning, is focused and finely tuned for middle school learning and for areas which overlap across two years. This preparation and attention, will see our Year 9 girls leave middle school and enter secondary school strong and confident as navigators of knowledge and learning.

This week we prepare for One Earth Day and the opportunity to celebrate this glorious world we live in. In recognition of this, the day is an opportunity to come together as a school community, to work with students in different contexts, for colleagues to share their skills and the opportunity to welcome parents as partners in learning and community. I look forward to welcoming you on this day.

God Bless

Sara Scungio

National Reconciliation Week has been recently celebrated across Australia, between 27 May and 3 June. The week is a time for all Australians to learn about our shared histories, cultures and achievements and to consider our part in the national reconciliation between Indigenous and Non Indigenous Australians. It is important that we continue to work towards achieving recognition, respect and change for the Indigenous people of Australia.

Prayer of the Aboriginal People

Creator of all, 
you gave us the Dreaming.

You have spoken to us 
through our beliefs.

You then made your love clear to us 
in the person of Jesus.

We thank you for your care.

You own us. You are our hope.

Make us strong as we face the 
problems of change.

We ask you to help the people of 
Australia to listen to us and 
respect our culture.

Make the knowledge of you grow 
in all people, so that you can be 
at home in us and we can 
make a home for everyone in our land.

At Marymount we have incorporated some Indigenous perspectives into One Earth Day which will be held this Thursday. We have invited an Aboriginal artist, Daphne Rickett, to work with students to create some Indigenous artwork on tiles. We have also invited Major Sumner who is a Torres Strait Islander man. He will be coming with some students to do the Welcome to Country at our assembly on One Earth Day and also to show the students a welcome dance and an animal dance. As a school community, we believe that it is important the girls have the opportunity to work with and connect with Indigenous people as well as increase their understanding of the rich Indigenous culture that is part of our country.

We are also pleased to have a new flagpole erected recently at the front of the school. This will fly the Torres Strait Islander flag, alongside the Aboriginal and Australian flag. Some facts on the Torres Strait Islander flag:

- Each part of the flag is designed to represent something about Torres Strait Island culture
- Green: represents the land
- Blue: represents the sea
- White: represents peace
- Black: represents the Indigenous peoples
- The dhari (headdress) represents Torres Strait Island people and the five pointed star represents the 5 major Island groups. The star also represents navigation, as a symbol of the seafaring culture of the Torres Strait.

Kind regards

This term the Year Nine’s have continued to look at the concept of Identity and with the exciting arrival of the Year Nine sport’s shirt, they have furthered their development of their own Year Nine Marymount identity.

Moreover, the Year Nine students have also had some opportunities to either learn more about their identity as a leader and how to extend their hospitality in the Marymount community. For instance, in Physical Education, the students have participated in the SEPEP football program which requires them to take on various roles and responsibilities within a team. There are also many Year Nine students who assist in the running of school sport teams by either coaching, mentoring and/or umpiring junior teams.

Sonya Ryan came and spoke to the Year Nine students about safety when using various forms of technology. Year Nine students have a debating team and have begun their season in earnest. Music students have competed in the Generations in Jazz competition and gained valuable experiences, with the Vocal Jazz Choir gaining third place.

A group of students participated in a workshop run by World Vision to learn more about leadership skills and to raise community awareness about the plight of Rwanda. The Youth Empowerment Process group have met and made some goals for this year which will address such issues as bullying. A small group of Year Nine students served morning tea to the Volunteers at Minda. The Year Nine ‘Big Sisters’ helped their ‘Little Sisters’ to make juggling balls and then enjoyed a thoroughly entertaining circus performance.

Finally, all Year Nine’s were entertained by the Young Australian Workshop performing Shakespeare On Trial last week. Below are some reflections and photographs of Year Nine experiences this term.

GLOBAL LEADERSHIP CONVENTION

On 7 May, four Year Nine Students attended the Global Leadership Convention. It was led by World Vision and their focus was to spread awareness of the many situations that have caused poverty and malnutrition in the small country, Rwanda. In 1994 there was a genocide which continued for 100 days. In that time 800,000 people in Rwanda were slaughtered. The genocide left many families broken and orphans to fend for themselves. Since then, there has been a lack of agricultural growth and education available.

At the Global Leadership Convention we had a guest speaker from Rwanda, JC, who described what is currently occurring in his country and what it was like for him. We also participated in a simulation activity where we were divided into different communities and had to create braided pieces of string. We then had to trade in the braids for supplies such as food, education and medication to survive. The game consisted of three rounds and we were given challenges along the way. Many communities did not survive. This exercise was used to illustrate how challenging it is to live in an undeveloped country.

As the convention concluded, students were asked to make a promise to Rwanda, which was then going to be shared with the people of this country. The convention was eye-opening and made us conscious of the lives of Rwandans. The Global Leadership Convention enabled us to start thinking about the 40 Hour Famine which is from 15 to 17 August this year. Marymount has always participated in this event and we hope that this year we can raise a lot of money that will be used to assist those struggling to survive in Rwanda.
MINDA VISIT!

As an excursion, one Year Nine was selected from each class to serve the volunteers at Minda during a morning tea and to say thanks. I think I speak for all of the girls who attended when I say that it was an excellent experience. We learnt good customer service skills and how to work as a team to do a great job. We helped the catering ladies in the kitchen and we poured tea and coffee for all of the volunteers. There were over 80 people who came, so we had a lot on our hands! We received so many lovely comments from the catering ladies, the volunteers and even the CEO of Minda! It was really great to hear people admiring the hard work we put in. I personally loved helping at such an important day to recognise the volunteers that make Minda such a great place. The girls who attended the morning tea were Siobhán 9 Firetails; Charlotte 9 Jillaroos; Alexi 9 Lightning; Amber 9 Matildas; Ineke 9 Southern Stars; and Courtenay 9 Thunderbirds. Our supervisors were Carmel Briggs, School Chaplain and Kelly Pritchard, School Counsellor.

CARLY RYAN FOUNDATION!

In the early weeks of Term Two, the Year Nines were visited by South Australian of the Year, Sonya Ryan, who had lost her daughter to a predator online and by that experience she created the Carly Ryan Foundation. This Foundation promotes online safety for teenagers in Australia and it has already saved six young Australian lives. During her presentation, Sonya helped us with how we can protect ourselves when we are online so none of us have to have the same experience as her daughter. Her daughter’s murder was the first crime committed from an online predator in Australia.

The Year Nine students thought her speech to us, about what happened to her daughter and how the Carly Ryan foundation was formed, was really inspiring. Sonya’s loss had a huge impact on us. It gave us an example of real life online predators, which is a topic we had previously only heard about through others who hadn’t experienced it firsthand. We had never acknowledged the importance of online safety until we realised that the worst case scenario could be death, which sadly is what Carly Ryan was forced to experience. Sonya made sure to detail the ways we could keep safe online, such as turning off the location services on our phones to help strengthen our chances of not being tracked by what we post online.

Sonya didn’t warn us away from the internet, she just made us realise and understand the dangers of being online. She didn’t tell us to never use the internet or we’d die; she told us to keep safe and make sure everything we post is safe and private. It was inspiring to see someone who had lost a daughter fight to make sure no one else had to suffer through what she had to. In support of Sonya and her foundation, we followed some of her safety tips in an attempt to stay safe online.

To conclude, Sonya Ryan’s visit had a really positive impact on the way Year 9 Marymount girls act online. She promoted internet safety in a knowledgeable way which really opened the eyes to some internet users in Australia. We are grateful to be able to experience Sonya’s talk and think she’s a very worthy candidate for South Australian of the Year.

Celebrating the Sacraments
May God’s Spirit be in the lives of Zahra and her family who participated in the Sacraments of Confirmation and Communion. Guide them in their spiritual journey and allow them a continued and meaningful relationship with God.

Brighton Parish Q&A
If you have any questions about the Catholic Church you have always wanted to know but too shy to ask - here is your opportunity! Please email any questions to Fr Peter (To Fr Peter Q&A: brightonparish@adam.com.au) and he will be happy to respond. You will remain anonymous but if you could just say you are from the Marymount Community, we can publish the responses in future newsletters.

Ascension (1st June) / Pentecost (8th June)
Over these days we prepare for Pentecost, when we celebrate the gift of the Holy Spirit. Before Jesus ascended into heaven, he told his followers not to be sad, to wait for the coming of the Holy Spirit. The Spirit would help them to grow in their understanding of all that Jesus had taught them. The Spirit would bring them unity and love and wisdom. This must have helped to put their minds at ease.

Have a great fortnight!

THURSDAY IS NUDE DAY AT MARYMOUNT

Food that is - every Thursday!

One of our aims at Marymount is to reduce the amount of materials we are sending to landfill each year. At the end of Term One KESAB audited how much waste is produced in a single day at Marymount. The results were interesting and affirmed the great work that students at Marymount have done over the past five years, reducing our overall waste by 50%. However, recommendations by KESAB suggest we can further decrease this amount by 70% with further education and awareness of how to recycle, reduce and reuse. Some interesting results from the audit include the following...

Marymount Students place in landfill bins in one day:
- $7 worth of 10c containers = $1,400 each year
- 8kgs of uneaten food
- 177 zip lock bags =35,400 per year = $3,540 per year
- 60 individual yoghurt tubs =12,000 per year

What is NUDE Food?
For a NUDE Food lunchbox, try to pack:
- Snacks in reusable containers
- Drinks in a reusable container
- Reusable utensils when needed
- A reusable lunchbox

Avoid...
- Lunches packed in plastic bags or wrap, foil, wax paper
- Single use drink boxes, pouches, cans, carton and bottles
- Single use plastic forks and spoons
- Pre-packaged single serve snack items

Why bring NUDE Food?
NUDE Food reduces the amount of ‘stuff’ that needs to go in bins to be sent to landfill. Durable, reusable containers are a great way to bring food, providing long term cost savings and environmental benefits! Thank you for supporting this initiative and helping protect our environment!

PS if you want to sit down with a cuppa, check out The Story of Stuff!

NUDE FOOD DAY 
THURSDAYS

Did you know that up to 50% of items in school bins come from FOOD and DRINK PACKAGING brought from home?!

PACK
- Snacks in REUSABLE containers
- Drinks in a REUSABLE container
- REUSABLE utensils when needed
- A REUSABLE lunchbox

AVOID
- Lunches packed in plastic bags or wrap, foil, wax paper
- Single use drink boxes, pouches, cans, carton and bottles
- Single use plastic forks and spoons
- Pre-packaged single serve snack items
